

Always The Love Songs

Eli Young Band

We use to pull off highway 249
Had a cool little place where we'd go hide on a Friday night
And get away from the city lights
We'd find a little wood and build a fire
Sonebody'd always bring a couple guitars
And we'd take turns singin' songs and watching it burn
We'd do "Ramblin' Man", "Proud Mary". and "American Band"
We'd be singin' at the top of our lungs[Chorus]
It was always the love songs every time
Made everybody feel something inside
With the fire down low held your girl real close
Made you wanna love the one you were with
Gave you the courage of that first kiss
It was the love songs always the love songs There was always a line stuck in your head
That was said in a way you wished you could've said
But you both knew they were singing it right to you
It felt so good those times you had
That feeling of wanting somebody so bad
Made you weak in the heart you couldn't take being apart
Honky Tonk drinking songs we could do 'em all night long
But the ones i remember the most[Chorus]We'd be singin' at the top of our lungs[Chorus]Always the love songs
Always the love songs
