

# One (Official Audio)

[Sky Ferreira](#)

You don't know just how to start me up  
Don't know how to get me going now  
(Now, now, now, now, now, now, now, now, now, now)Something's wrong between the two of us  
I'm not a robot but I feel like one  
(One, one, one, one, one, one, one, one, one, one)  
(One, one, one, one, one, one, one, one)  
One, two, three, fourHead to the ground  
I don't ever want the beat to stop  
(Stop, stop, stop, stop, stop, stop, stop, stop, stop, stop)  
Speaking without a sound  
You try to call me but you're breaking up  
(Up, up, up, up, up, up)And now all I can hear is one  
(One, one, one)  
And now all I can hear is one  
(One, one, one, one, one, one, one, one, one, one)  
(One, one, one, one, one, one, one, one)Don't know how to shut you off  
Don't know how to keep this going now  
(Now, now, now, now, now, now, now, now, now, now)I feel like I'm about to rust  
Ruin my heart, I'll buy another one  
(One, one, one, one, one, one, one, one, one, one)  
(One, one, one, one, one, one, one, one)  
One, two, three, fourHead to the ground  
I don't ever want the beat to stop  
(Stop, stop, stop, stop, stop, stop, stop, stop, stop, stop)  
Speaking without a sound  
You try to call me but you're breaking up  
(Up, up, up, up, up, up)And now all I can hear is oneI just want to hear your heart  
Wake me up or I will keep myHead to the ground  
I don't ever want the beat to stop  
(Stop, stop, stop, stop, stop, stop, stop, stop, stop, stop)  
Speaking without a sound,  
You try to call me but you're breaking up.  
(Up, up, up, up, up, up)And now all I can hear is one.  
(One, one)
