

# Homecoming

[Keith Whitley](#)

Homecoming '63

I was so proud you went with me  
Everyone turned their head when we walked in  
They said look at that perfect pair  
as you blushed from all their stares  
and my chest swelled up with pride  
grinning from ear to ear inside  
an hour full of dance and fun  
an hour later and I gunned  
my '57 off to heaven  
back seat lovin' girl you were somethin'

Home coming '63

You went home with the love you gave to me  
You turned me on to extasy  
Homecoming '63 What a night that was for us  
I remember plain as day the touch  
I felt when I felt your love melt in my arms  
and that old and pleated back seat bed  
I pleaded with you and instead of the usual no  
you said yes you let go repeat chorus
