Checking On My Baby

Gregg Allman

Everyday I look for sunshine
I look for sunshine though it rains
Everyday I look for sunshine
I look for sunshine though it rainsEvery time I check up on my baby
Ooh she's checkin' on another man.She said she didn't love nobody
In this whole round world but me
She did not love nobody
In this whole round world but meBut oh when I needed her most
I didn't know where in the world she could beWell I'm sitting here drinkin'
They tell me it'd help me to forget
Lord I'm sitting here drinkin'
They told me that helps you to forgetAnd oh when I needed her most
I did not know where she was at
