Down

The Jimmy Weeks Project

Verse 1:
I said the people of these islands got this irie skankinâ€™ feelinâ€™
I said the youth of Hawaii love this wicked reggae rhythm
Our temperature rise when dem hear the rhythm of the bassline
We play them reggae everyday and each and every night,

Rap 1:
You just canâ€™t explain when the musicâ€™s in your brain
You lose all control of your mind, your body, and your soul
You feel alive, you gwarn along and let the music take control
Donâ€™t be afraid to jump around, well everybodyâ€™s down

Chorus:
(Down, down) to the sweet reggae rhythm, well everybodyâ€™s down
(Down, down) to the sound of reggae, I hear the people cry, come down
(Down, down) to the sweet reggae music, well everybodyâ€™s down
(Down, down) to the sound of reggae, reggae

Verse 2:
The reggae vibe flows around us throughout the day
It hits you hard, hits you hard, hits you hard in every way, way
No other vibe can make you feel so nice (so nice)
No other vibe can make you feel this way (way)
This reggae rhythmâ€™s really getting hotter
Itâ€™s getting hotter in each and every way,

Rap 2:
No need no water, we better keep it hotter,
Keep the fire burning stronger, reggae music will last longer
No need no water, we better keep it hotter,
Keep the fire burning stronger, reggae music will last longer
You keep it lit, you donâ€™t put it out
You feelinâ€™ the reggae music â€˜cause it cominâ€™ out from my mouth
My lyrics poppinâ€™ up in your brain like one shot
Peace and love and unity is in this reggae rhythm
So rude boy put down the gun and get the vibe inna your soul
Bad boy put down the knife and let the music take control
Reggae music: hotter than the water, donâ€™t need water
Makes the mood right down, then you wanna get down,

Well everybodyâ€™s down

Chorus:
(Down, down) to the sweet reggae rhythm, well everybodyâ€™s down
(Down, down) to the sound of reggae, I hear the people cry, come down
(Down, down) to the sweet reggae music, well everybodyâ€™s down
(Down, down) to the sound of reggae, reggae

Instrumental:
