

# Love Don't Prove I'm Right

## The Babys

You used to celebrate it  
When I came in at 6 a.m.  
Ooh babe I could never really fake it  
'Cause I was in love again Love don't prove  
Love don't prove I'm right  
Love don't prove  
Love don't prove You used to sing and shout it  
Showing me what you got  
Ooh babe I could never really doubt it  
'Cause baby you got such a lot Love don't prove  
Love don't prove I'm right, no no  
Love don't prove  
Love don't prove Ooh you used to celebrate  
Ooh now you have to wait  
You're gonna wait, yeah Love don't prove  
Love don't prove I'm right  
No no no no no no  
Love don't prove  
Love don't prove If you need a hand to guide you  
Let me be your northern light  
You could give me all of your lovin'  
And I'll make everything alright Love don't prove  
Love don't prove I'm right  
No no no  
Love don't prove  
Love don't prove I'm right Love don't prove  
Love don't prove that I'm right  
No no no no no  
Oh yeah
