

# Ghost Requiem (Feat. Geri Soriano-Lightwood)

## Delerium

You were once a  
strange addiction  
Hit and run much  
greater than fiction  
Thought I buried you Beyond matter beyond time  
I believe that your are mine  
How many times before  
Have you walked  
through my door  
Just to leave me once more The ghost that feeds  
on your heart  
has won I must  
stop loving you  
That thief has taken  
your soul and run  
I must stop loving you This lifetime Was it Daddy's cruel  
distracted shadow  
Or Mama's quiet remorse  
Lead you on this  
bramble path you follow  
Made you bet on  
the wrong horse The ghost that feeds on  
your heart has won Can  
I stop loving you  
That thief has stolen  
your soul and run  
I must stop loving you Yes here we are  
It's a force we  
can't conceal  
A magnet star  
Being pulled by  
fortune's wheel You set a match my house  
burned down  
Inside your arms  
I gladly drown  
I was alive again  
You were my oxygen The ghost that feeds  
on your heart has won  
I must stop loving you

That thief has stolen  
your soul and run  
Can I stop loving you I must stop loving you if  
It's the last thing that I do at this time  
Can I stop loving you  
I can't stop loving you  
I must stop loving you Maybe next time  
we'll get it right
