## Doe Paoro

No more driving  
By Nevada it'd all come undone  
Sun is sliding down the back of the myth that you'd be the one  
I'm done trying  
Mustering a love for you that I could never show to myself  
Mustering a love for you that I could never show to myself  
But I have a new love  
In your shadow I have a new love  
It ain't hedging on anyone's changing, no x3  
(whatever make you high, take you to the bottom)  
When you find kindness suspicious:  
Gonna be a long road to unlearning  
It isn't love if it's burning  
For at its highest she's a healer  
I was too blind to see  
I have a new love  
In your shadow  
I have a new love  
I have a new love  
It ain't hedging on anyone's changing x3  
Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
