Angel or Devil

NoMeansNo

Wake up screaming in the middle of the night
Felt a chill and had a terrible fright
Thought I saw a devil or an angel in the night
Was I wrong or was I right?
Could it be me, Ie been walking in my sleep
Mumbling to the secrets that I keep
Was I wrong or was I right?
Thought I saw a devil or an angel in the nightThought I saw a devil or an angel in the night
Woke up screaming, had a terrible fright
Was I wrong or was I right
Thought I saw a devil or an angel in the night
I hope I am wrong but I know i right
Thought I saw a devil or an angel in the night
Hope I am wrong but I know i right
Thought I saw a devil or an angel in the nightSaw you in a dram and your eyes were brigt
Stark, staring mad with a terrible light
Everything you said, well it didn sound right
And the way you grined it was a terrible sight
Could it be me, Ie been walking in my sleep
Laughing and a grinning at hte people that I meet
Was I wrong or was I right?
Thought I saw a devil or an angel in the nightThought I saw a devil or an angel in the night
Woke up screaming, had a terrible fright
Everything you said, well it didn sound right
Thought I saw a devil or an angel in the night
I hope I am wrong but I know i right
Thought I saw a devil or an angel in the night
Hope I am wrong but I know i right
Thought I saw a devil or an angel in the night
