Deliverence

Sick Puppies

Waiting for another line
Cause you throw them at me all the time
Gotta get away from all her lies
And I gotta get away from mineTell me where to go
When fate won't deliver
Cause I can't forgive her
When I let her know
This pain I've been living
Will her next collision be meBringing situation down
But her temper's always on the rise
I'm living what I've seen before
Well I won't take this anymore
It's time to hold this to the lightTell me where to go
When fate won't deliver
Cause I can't forgive her
When I let her know
This pain I've been living
Will her next collision be meCause her mental prison is not my decision
So I'm cutting my losses this time
I'm no longer living through her tunnel visionTell me where to go
When fate won't deliver
Cause I can't forgive her
When I let her know
This pain I've been living
Will her next collision be meGotta get away from
Gotta get away
Gotta get away this timeTell me where to go
When fate won't deliver
Cause I can't forgive her
When I let her know
This pain I've been living
Will her next collision be me
