

# I'm On Fire

## Loudness

Crying face, cry more  
Now you've bet your everything  
Tired and wasted  
Ah on the verge of craze I'm on fire forever  
I'm on fire forever  
Oh! Oh! Oh! Come on!!  
Oh! Oh! Oh! Come on!! Never hard, too late to lie  
Every one wishes to die once  
Tired and wasted  
Ah on the verge of craze
