

Time to Say Goodbye

Montell Jordan

I'm so ready for everybody to go home
Yeah, me too
I want you so bad right now
You ready?
Let's do this Think it's time to say goodbye to our company
Now it's time to say goodbye to all our company
I don't wanna wait any longer, yeah Some friends came by to kick it
But the time is passing slow
We've wine and dine for half the night
We told every joke that we know Now I don't mind entertaining
But your body language is telling me
Along with your bedroom eyes
Feels like it's time for them to leave now It's getting late and I don't want them to stay
They don't have to go home
But they gotta get up, get out and get on Think it's time to say goodbye to our company
So glad they could come but they stayed too long
Don't mean to be rude but they need to go home Now it's time to say goodbye to all our company
We're so glad you could come, they stayed too long
Don't mean to be rude they need to go home Baby, I'm feeling you
And I'm glad you're so attentive to my every move
I know that you want it so why don't we just play it cool And hope they're leaving soon
Let's wait a while is what I said before
But this waiting is making me want you more It's getting late and I don't want them to stay
They don't have to go home
But they gotta get up, get out and get on Think it's time to say goodbye to our company
So glad you could come but you stayed too long
Don't mean to be rude but you got to go home Now it's time to say goodbye to all our company
So glad you could come but you stayed too long
Don't mean to be rude but you need to go home We like it when you drop by for a minute
Excited that you came by here to kick it
But when they see the foreplay in our eyes
I think they should realize that it's getting time to go I can sneak a feel and they won't know
We want you to go home
We need to spend tonight alone
Tonight alone, tonight alone boy Now it's time to say goodbye to all our company
Think it's time to say goodbye to our company
We're so glad they could come but they stayed too long
Don't mean to be rude but they need to go on home Think it's time to say goodbye to all our company
We need to spend tonight alone Gave me a sign, the look in your eyes

Says you want it baby, put yourself on it babe
I can't take it no more, won't you go on the floor
I'll be keeping you warm, I'm so glad that they're gone
