

# Nebraska

## Fidget

It seems like I should know better  
I guess I don't know much  
When I'm alone I'm everything  
But I'm not well beneath it all  
Stop staring over my shoulder  
Just let me breathe in peace now  
Cause all I ask for is a....date  
One date to shine  
One date to leave it all behind  
One date, yea!  
One date to myself  
Whoa, whoa, whoa, whoa  
It seems like I should know better  
I guess I don't know much  
When I'm alone I'm everything

But I'm not well beneath it all  
Stop staring over my shoulder  
Just let me breathe in peace now  
Cause all I ask for is a....  
One date to shine  
One date to leave it all behind  
One date, yea!  
One date to myself  
Whoa, whoa, whoa, whoa  
One date to shine  
One date to leave it all behind  
One date, yea, yea, yea!  
One date to myself  
Whoa, whoa, whoa, whoa
