# Someone Like You

## Emmylou Harris

Others have touched me, soft in the night
Others have kissed me and held me tight
Good times and lovers, yes, I've had a few
But I was just waiting for someone like you
I have been lonely and I have been loved
I've grown used to losing what I'm fondest of
I can see clearly now, my whole life through
I was just waiting for someone like you
But I never wasted
A minute of my time
Every road I ever took
Led me to your side
No, I never wasted
A minute of my time
Every road I ever took
Led me to your side
Don't it seem funny, love
That I never knew
I was just waiting for someone like you
I was just waiting, I was just waiting for someone like you
