Who Slapped John

Gene Vincent

Well, I heard John say, "Man, she's my gal"
I heard another say, "Man, she my pal"
Well, John jumped up, then he screamed
"Well, she's may gal, man and that I mean"Well, who, who, who slapped John?
Who, who, who slapped John?
Baby, who slapped John
When the lights went low?
Who, who, who slapped John? JumpWell, the lights went on and then went off
John got slapped tryin' to hold his ownWell, who, who, who slapped John?
Who, who, who slapped John?
Baby, who slapped John
When the lights went low?
Who, who, who slapped John? JumpWell, I heard John say, "Man, she's my gal"
I heard another say, "Man, she my pal"
Well, John jumped up, then he screamed
"She's may gal, man and that I mean"Who, who, who slapped John?
Who, who, who slapped John?
Baby, who slapped John
When the lights were low?
Who, who, who slapped John? JumpWell, the lights went on and then went off
John got slapped tryin' to hold his ownWell, who, who, who slapped John?
Who, who, who slapped John?
Baby, who slapped John
When the lights went low?
Who, who, who slapped John?
