Canada Is...

Michael Mitchell

Canada Is

Canada is the Rocky Mountains
Canada is Prince Edward Island
Canada is a country made for love
Canada is the prairie cowboy
Canada is the Yukon miner
Canada is a country made for love
We have love for our neighbours
Of whatever creed or colour
We have love for our cities
And our valleys and our plains
We have a voice that is calling
Telling all the world weâ€™re willing
To welcome them to this great land
And thatâ€™s what Canada is
Canada is the Rocky Mountains
Canada is Prince Edward Island
Canada is a country made for love
Canada is La Belle Provence
Canada is the Yukon miner
Canada is a country made for faith
We have faith in our future
Weâ€™re ready for tomorrow
We have faith in our children
For our futureâ€™s in their hands
We have a voice that is calling
Telling us to keep on hoping
For time will make this vast land great
And thatâ€™s what Canada is
Canada is the Rocky Mountains
Canada is Prince Edward Island
Canada is a country made for love
Canada is the prairie cowboy
Canada is the Yukon miner
Canada is a country made for peace
We have peace in our cities
Weâ€™re happy and contented
We have peace in our valleys

And our boundaries have no chains
We have a voice that is calling
Telling all free men weâ€™re willing
To show them how to live in peace
And thatâ€™s what Canada is
Canada is the Rocky Mountains
Canada is Prince Edward Island
Canada is a country made for love
Canada is the prairie cowboy
Canada is the Yukon miner
Canada is a country made for love
