Dark Sweet Lady

George Harrison

My dark sweet lady
You really got to be
You gave me everything
I've really fallenYou came and helped me through
When I'd let go
You came from out the blue
Never have known what I'd done without youMy dark sweet lady
Your heart so close to mine
You shine so heavenly
And I love you dearlyYou came and helped me through
When I'd let go
You came from out the blue
Never have known what I'd done without youMy dark sweet lady
Your heart so close to mine
You shine so heavenly
And I love you dearly
My dark sweet lady
