To Be With You

Jamie O'neal

To be with you I would risk a thousand lifetimes
To be with you there's no mountain that I wouldn't climb
If you're the sky let me be the cloud that runs right through you now
You don't know just how I need to
To be with you there can be no substitute
To be with you I've tried to hide my passion but it's
Just no use piece by piece I lose it when you walk in the room
How can I get through if I can't be with you?
Every time I close my eyes see your face
I taste you on my lips
Every night I fantasize
That I can feel you on my fingertips
To be with you, there's nothing that I wouldn't do
I'm powerless swept under by your sweet caress
I'm fadin' fast one look at you and I forget just who I am
I come unglued if I can't be with you
Every time I close my eyes see your face
I taste you on my lips
Every night I fantasize
That I can feel you on my fingertips, yeah baby
Every time I close my eyes see your face
I taste you on my lips
Every night I fantasize
That I can feel you on my fingertips
To be with you I would risk a thousand lifetimes
There's no mountain I wouldn't climb
To be with you, to be with you, yeah
(To be with you)
Every time I close my eyes
(To be with you)
And every night I fantasize about you baby
(To be with you)
And your ready with me
(To be with you)
I would risk a thousand lifetimes
To be with you, oh
To be with you baby there's nothing I wanna do
To be with you
