

# Got to Be Enough

## Con Funk Shun

The things I do for you  
I do for no one else  
The things I give to you  
Usually keep them for myself

Every chance I take with you  
'Cause my luck is on the one  
Your tricks, your treat, they can't be beat  
They keep me on the run

I got to be enough, girl  
(Think about it, don't you doubt it)  
I wanna be your stuff, girl  
(Think about it, don't you doubt it)

I got to be enough, girl  
(Think about it, don't you doubt it)  
Until you get enough, girl, why don't you  
(Think about it, don't you doubt it)

Places that you wanna go  
I'll take you anytime  
Cash to buy you pretty things  
I'm working overtime

You take all the lovin', baby  
That my body has to give  
Run with my affections, girl  
As long as you may live

I got to be enough, girl  
(Think about it, don't you doubt it)  
I wanna be your stuff, girl  
(Think about it) Ooh, ooh (Don't you doubt it)

I got to be enough, girl  
(Think about it) Hey, hey (Don't you doubt it)  
Until you get enough, girl, why don't you

(Think about it, don't you doubt it)

Get funky with me, child  
Don't you see, oh, you're  
Sweet to me, sweet baby  
Get funky with me, child  
Don't you see, oh, you're  
Sweet to me, pretty baby

Get funky with me, child  
Don't you see, oh, you're sweet to me  
Get funky with me, child  
Don't you see, oh, you're sweet to me

Get funky with me, child  
Don't you see, oh, you're  
Sweet to me, yeah, hey  
Get funky with me, child  
Don't you see, oh, you're sweet to me

I got to be enough, girl, oh  
(Think about it, don't you doubt it)  
I wanna be your stuff, girl, oh  
(Think about it) Ooh, ooh (Don't you doubt it)

I got to be enough, girl, oh, oh  
(Think about it) Come on (Don't you doubt it)  
Until you get enough, girl, why don't you  
(Think about it, don't you doubt it)
