

One Fine Day

[Robbie Williams](#)

I like to reminisce about a time I've never had
A book that no one read, a film that never made me sad
And you remind me of a place I've never been
And something no one said, when I was seventeen
One fine day in the middle of the night
You wake up in it
One fine day in the middle of the night
But you probably won't admit it
Remember when we never struggled through
A bad time we never had, a love we never fell into
Please don't remind me to forget
'Cause forgiveness is a place I ain't got use to yet
One fine day in the middle of the night
You wake up in it
One fine day in the middle of the night
But you probably won't admit it
All I ever wanted, was to radiate your home
But I guess it doesn't matter
So come reminisce about a time we didn't have
I hear there's a sequel to that film that never made you sad
Don't rewrite my history
'Cause you never really know how much you didn't mean to me
One fine day in the middle of the night
You wake up in it
One fine day in the middle of the night
But you probably won't admit it
One fine day in the middle of the night
You wake up in it
One fine day in the middle of the night
But you probably won't admit it
You probably won't admit it
One fine day in the middle of the night
One fine day in the middle of the night
