

My Bestfriend

Hollywood Anderson

There she's goes
She is the one for me
We got the kind of love
That blind man can see
She is my all and all
And she is my everything
She is my seasons
She's my reasons
She's my summer
She's my winter
She's my spring as well

I'm in love with my best friend
Imma love her... uh
Imma love her
Till the whole worlds ends

I'm in love with my best friend
Imma love her... uh
Imma love her
Till the whole worlds ends

She's the reason answering
I'm still I'm...
She's the reason answering
I'm still alive
She took all the drugs, and all the pain
And all the bad stuff out of my life

And that's the reason why
And that's the reason why

I'm in love with my best friend
Imma love her... uh
Imma love her
Till the whole worlds ends

I'm in love with my best friend
Imma love her... uh uh
Imma love her

Till the whole worlds ends

She's is my uhhhh...

She's my baby girl

She's my oh oh

She's is my uhhhh...

She is my oh my oh

She's my oh oh oh oh...

She is the woman of my dreams

I don't need to be picking longer

She's my queen that's why

I'm in love with my best friend

Imma love her... uh

Imma love her

Till the whole worlds ends

I'm in love with my best friend

Imma love her... uh uh

Imma love her

Till the whole worlds ends
