Stone Temple Pilots

And I feel that time's a wasted go
So where you going 'till tomorrow?
And I see that these are lies to come
So would you even care? And I feel it
And I feel it Where you're going for tomorrow?
Where you're going with that mask I found?
And I feel, and I feel
When the dogs begin to smell her
Will she stand alone? And I feel, so much depends on the weather
So is it raining in your bedroom?
And I see, that these are the eyes of disarray
Would you even care? Where you're going for tomorrow?
Where you're going with that mask I found?
And I feel, and I feel
When the dogs begin to smell her
Will she smell alone? When the dogs do find her
Got time, time to wait for tomorrow
To find it, to find it, to find it
When the dogs do find her
Got time, time to wait for tomorrow
To find it, to find it, to find it Where you're going for tomorrow?
Where you're going with that mask I found?
And I feel, and I feel
When the dogs begin to smell her
Will she stand alone? When the dogs do find her
Got time, time to wait for tomorrow
To find it, to find it, to find it
When the dogs do find her
Got time, time to wait for tomorrow
To find it, to find it, to find it To find it
To find it
To find it
