

Life Is What You Make It

Number One Gun

I know you had to go
It's too late to turn back
And I know you're so far away
It's too bad all the things that you might say I saw the way, I saw the way you move
You never stop to notice what you have
You saw the way, you saw the way I looked at you today
When everyone is sweet, now Oh, yeah nothing's gonna change but everyone is sweet, yeah
You wanna walk away but life is what you make it
You have to go away but maybe you'll just wait, yeah
It's time to turn around 'cause everyone is sweet And I know you had to go
It's too late, it's over
And I know you're so far away
It's too bad all the things that you might say I saw the way, I saw the way you move
You never stop to notice what you have
You saw the way, you saw the way I looked at you today
When everyone is sweet, now Oh, yeah nothing's gonna change but everyone is sweet, yeah
You wanna walk away but life is what you make it
You have to go away but maybe you'll just wait, yeah
It's time to turn around 'cause everyone is sweet This life is never changing but this life is rearranging
And this life it always goes on, and on, and on, and on I saw the way, I saw the way you move
You never stop to notice what you have Oh, yeah nothing's gonna change but everyone is sweet, yeah
You wanna walk away but life is what you make it
You have to go away but maybe you'll just wait, yeah
It's time to turn around 'cause everyone is sweet This life is never gonna change, this life is never over
And this life is never gonna change, this life is never over
This life is never gonna change, this life is never over
This life is never gonna change, this life is never over
And this life is never gonna change, this life is never over
This life is never gonna change, this life is never over
