All Night Long

[Boyz II Men](#)

You say the things you feel are right
But I feel those things are wrong
And for that we fight all night longThere you go trippin' on the things I say
'Cause things ain't going your way
Friends say I should leave
But love forces me to stay I try
Try to give you all of my time
Still I feel denied
And when we fuss and fight
I keep askin' myself whyEvery single day
I pray that things will turn alright
'Cause when it seems we're going somewhere
Problems seem to arise
What must we do
Do to make each other see
This relationship should be
All about me for you and you for meYou say the things you feel are right
But I feel those things are wrong
And for that we fight all night long
If you knew all the things I'd knew
Walked a mile inside my shoes
It could make our love flow all night longWhat's the deal do you ever feel
The things that I feel
I try to keep our lovin' for real
Even when it seems
We don't see eye to eye you know
I never wanna see you go
'Cause you're the best I've ever known
So tell me just how long it's gonna take to beHappy every day and every night
Just like we should
'Cause to be happy with you
All my life I know I could
What must I do
Do to make you trust in me
Is that a possibility
Don't you know that it hurts me when we disagreeYou say the things you feel are right
But I feel those things are wrong
And for that we fight all night long
If you knew all the things I'd knew

Walked a mile inside my shoes
It could make our love flow all night longYou say the things you feel are right
But I feel those things are wrong
And for that we fight all night long
If you knew all the things I'd knew
Walked a mile inside my shoes
It could make our love flow all night longBaby today we'll put the past behind
Let's not waste no time
We can do it ooh all night long
I like it when you do
Do the things you do to me all nightYou say the things you feel are right
But I feel those things are wrong
And for that we fight all night long
If you knew all the things I'd knew
Walked a mile inside my shoes
It could make our love flow all night longYou say the things you feel are right
But I feel those things are wrong
And for that we fight all night long
If you knew all the things I'd knew
Walked a mile inside my shoes
It could make our love flow all night longYou say the things you feel are right
But I feel those things are wrong
And for that we fight all night long
If you knew all the things I'd knew
Walked a mile inside my shoes
It could make our love flow all night longBaby today we'll put the past behind
Let's not waste no time
We can do it ooh all night long
You say I like it when you do
Do the things you do to me all night
