

# Hey Now Baby

## Professor Longhair

Hey Now Baby - Professor Longhair  
Hey now baby, hey now honey child  
Hey now baby, hey now honey child  
Ooh wee baby, sure do wish you were mine  
You know very well, I love you  
Follow you all over town  
You run around telling people baby  
That I was your clown  
Why darlin' tell me why honey child  
You told everybody baby, that I was your clown  
You did pretty baby, you did little girl  
You did, you did  
You know you told me everything you did  
Bye-----Bye  
Bye-----Bye  
So long -----baby I'm gone
