Neon Fists

Yellow Ostrich

When I wake
I feel tired
In a new strange wayWhen I rise
I barely notice
A neon fist
In my wayAnd it all keeps turnin'
All keeps turnin'
All keeps turnin round'And it makes me nervous
Makes me nervous
Makes me nervous nowThere are walls
And there are windows
But I'm not afraid of them
'Cause I get stuck
Trying to tear down
All the doors to my headSo tell me you're in control
Tell me you got my back, oh
Tell me you're on a roll
Tell me you'll never let up
Tell me I fucked it up
But you can make it all better
Tell me you're on a roll
Tell me you got my answer
Say it'Cause I'm fighting through the walls and doors
And I'm trying to get up off the floor
'Cause I send my love across the roomSotell me you're in control
Tell me you got my back, oh
Tell me you're on a roll
Tell me you'll never let up
Tell me I fucked it up
But you can make it all better
Tell me you're on a roll
Tell me you got my answer
Say it
(x8)Tell me you're in control
