I'd appreciate it very much if you'd just, shut the fuck up
And I'd appreciate it very much if you'd just, go the fuck away
And I'd appreciate it very much if you'd just, back the fuck up
And I'd appreciate it very much if you'd just, drop deadThen shut the fuck up
You just take it all away
Anything, just keep it clean
"Keep it clean" I saidDrop dead
You just take it all away
Anything, just keep it clean
"Keep it clean" I saidI'd appreciate it very much if you'd just, get the fuck off
And I'd appreciate it very much if you'd just, leave the fuck alone
And I'd appreciate it very much if you'd just, get the fuck away
And I'd appreciate it very much if you'd just, drop deadThen shut the fuck up
Just take it all away
Anything, just keep it clean
"Keep it clean" I saidDrop dead
You just take it all away
Anything, just keep it clean
"Keep it clean" I saidYou keep it clean, you do okay
You play the smile you make the day
You keep it clean, you do alright
You tow the line there's no fightI'd appreciate it very much if you'd just, shut the fuck up
And I'd appreciate it very much if you'd just, go the fuck away
I'd appreciate it very much if you'd just, back the fuck up
And I'd appreciate it very much if you'd just, drop deadThen shut the fuck up
Just take it all away
Anything, just keep it clean
"Keep it clean" I saidDrop dead
You just take it all away
Anything, just keep it clean
"Keep it clean" I saidYou keep it clean, you do okay
You play the smile you make the day

You keep it clean, you do alright
You tow the line there's no fightYou keep it clean, you do okay
You play the smile you make the day
You keep it clean, you do alright
You tow the line there's no fight
