

# Johnny And June

Heidi Newfield

Oh there's something 'bout a man in black,  
Makes me want to buy a Cadillac,  
Throw the top back,  
And roll down to Jackson town,  
I wanna be there on the stage with you,  
You and I could be the next rage too,  
Hear the crowd roar,  
Make 'em want more,  
Kick the footlights out,I wanna love like Johnny and June,  
Rings of fire burnin' with you,  
I wanna walk the line,  
Walk the line,  
Till the end of time,  
I wanna love,  
Love ya that much,  
Cash it all in,  
Give it all up,  
When you're gone,  
I wanna go too,  
Like Johnny and June,I wanna hold you baby right or wrong,  
Build a world around a country song,  
Pray a sweet prayer,  
Follow you there,  
Down in history,I wanna love like Johnny and June,  
Rings of fire burnin' with you,  
I wanna walk the line,  
Walk the line,  
Till the end of time,  
I wanna love,  
Love ya that much,  
Cash it all in,  
Give it all up,  
When you're gone,  
I wanna go too,  
Like Johnny and June,Like Johnny and June,  
More than life itself,  
No-one else,  
This endless promise,  
They don't make love like that anymore,

Is that too much to be askin' for, I wanna love like Johnny and June,  
Rings of fire burnin' with you,  
I wanna walk the line,  
Walk the line,  
Till the end of time,  
I wanna love,  
Love ya that much,  
Cash it all in,  
Give it all up,  
When you're gone,  
I wanna go too,  
Like Johnny and June, Like Johnny and June,  
And when we're gone,  
There'll be no tears to cry,  
Only memories of our lives,  
They'll remember, remember,  
A love like that
