

Mothership (Filthzilla Remix)

Enter Shikari

Go tell all your friends that this is the end

Go tell all your friends that this is the end

Go tell all your friends that this is the end

This is the end I don't understand a word you're saying

What are the clouds running from?

There's something in the air tonight

Something is wrong, spit it out! I just fell from the mother ship

(they said that)

Your answers they're always lying on the ocean bed

Your answers they're always lying on the ocean bed there's something in the air

There's something in the air

(in the air, in the air)

Tonight, I'm wide awake, I'm wide awake

(in the air, in the air, woah...)

Tonight, I'm wide awake, I'm wide awake and I'll plead with a thousand voices I am sane! I am sane!

My soul felt so save up there

No self centered natives destroying our earth I just fell from the mother ship

(they said that)

Your answers, were always lying on the ocean bed

Your answers (your answers, your answers), were always lying on the ocean bed walk the plank! walk the plank!

walk the plank!

Walk the plank! walk the plank! walk the plank!

WALK THE PLANK! your answers were always lying on the ocean bed

Your answers were always lying on the ocean bed

Your answers were always lying on the ocean bed

Your answers were always lying on the ocean bed
