

# Connected (Radio Edit)

## Kendi

We may seem connected but the lights are shut now,  
this may seem electric but the power's been cut down  
Still seems, there's something between us,  
We're not connected, the connection's between us,  
don't need strings attached to keep it together,  
if its immaterial it cannot be severed,  
feeling more than ever, lets cut this  
lock this, lock this, shut this

And restart, cut out the man in the middle,  
little by little the reception gets bigger,  
we can feel each other but can we just let go,  
of hooking up, from the get-go,  
Hung up, unplugged, cable disconnected,  
levels coming up here, single detected  
On the run down and ejected,  
feel the pulse, now you're being affected

### CHORUS:

I feel your love still you're turning your back on me,  
so insecure baby tell me why can't you see,  
I feel rejected but still I know it's real,  
We are connected that is how I feel

Hooked up, plugged in, cable connected, (lights down) no signal detected  
Hooked up, plugged in, cable connected, (lights down) no signal detected  
Hooked up, plugged in, cable connected, (lights down) no signal detected  
Hooked up, plugged in, cable connected, (lights down)

Stop, don't get any closer,  
we're not connected the way we're supposed to,  
the closer we get we drift more apart,  
where there's a gap, there's little reason for a start,  
baby don't worry you know that you got me,  
to lock me, is that got to trust me,  
the case is, got no chance but to break this,  
make this stop don't waste it

And restart, cut out the man in the middle,  
little by little the reception gets bigger,

we can do each other but can we just let go,  
of hooking up, from the ghetto,  
Hung up, unplugged, cable disconnected,  
levels coming up here, single detected  
On the run down and ejected,  
feel the pulse, now you're being affected

CHORUS:

I feel your love still you're turning your back on me,  
so insecure baby tell me why can't you see,  
I feel rejected but still I know it's real,  
We are connected that is how I feel

Don't get too close if you want it, then just know your limit,  
Don't get too close if you want it, then just know your limit,  
Take a step back if you want it, then just wait a minute,  
Don't waste my time if you want it, then just get up in it

CHORUS:

I feel your love still you're turning your back on me,  
so insecure baby tell me why can't you see,  
I feel rejected but still I know it's real,  
We are connected that is how I feel

Hooked up, plugged in, cable connected, (lights down) no signal detected  
Hooked up, plugged in, cable connected, (lights down) no signal detected  
Hooked up, plugged in, cable connected, (lights down) no signal detected  
Hooked up, plugged in, cable connected, (lights down)
