10,000 Maniacs

Imitate that soured old song There is no individuality
Only guises
Shades of nonconformity There is no individuality
Selling vantage points
Low rate There is no individuality
Questions ancient
No words claimed Perform motions borrowed
Thoughts following
Ima tima ima tima
Intimidation respected Head-he-go-round-men
Gesture display
Customer limits appeal
Media dictates the latest role Totalitarian motions borrowed
Selling vantage points
Low rate for you
Media begged
Suffered numbers pain
