

Blood On The Altar

Bewitched

[Music and lyrics by Vargher] Tonight the circle meets again
Listen now my friend
Your time has come to die
As we cast the spell of death
You'll suck your last breath
Black-Magic in the sky Blood on the Altar As the black candles burn
The christian cross we'll turn
Invert, upside-down
Hailing the Beast, the darkest flame
We'll recite Thy hellish name
And trash this fuckin' town
