

# Second Time Around

## Shalamar

I know you come a long way, baby  
But you don't need that heart of stone, no  
You proved that you could do it, do it, baby  
You can make it on your ownBut you can't keep runnin' away from love  
'Cause the first one let you down, no, no, no  
And though others try to satisfy you, baby  
With me true love can still be found, love can still be foundThe second time around  
Ooh, the second time is so much better, baby  
The second time around  
And I'll make it better than the first timeYou know I really love you  
And I paid for my mistakes, yes I did, girl  
The more I try to hide my feelings, baby  
This old heart gets in the way and love won't let me waitThe second time around  
Girl, with me it's better than the first time  
The second time around  
Let's do it one more time, say it againThe second time around  
All that I've been through, I'll do it again just as long as I'm with you  
The second time around  
The second timeI'll make it so good to you, babe  
I'll make it so good to youNot like the first time  
Not like the first time  
Not like the first time  
Talking 'bout the second timeNot like the first time  
Not like the first time  
Not like the first time  
Talking 'bout the second timeYou can't keep runnin' away from love  
'Cause the first one let you down  
And though others try to satisfy you, baby  
With me true love can still be foundThe second time around  
I'm gonna keep you mine the second time, baby  
The second time around  
I'll know what to do just as long as I'm with youThe second time around  
Do it one more time, say it again  
The second time around
