

# The Get Back (feat. A Boogie Wit Da Hoodie)

## Juelz Santana

[Chorus: A Boogie Wit Da Hoodie]

Saw my life slippin' by some minor setbacks  
Now it's time to get it, focus on the get back  
Everything I lost yeah it's time to get back  
Niggas wasn't with me, won't be with me when I get back  
Get back, get back it's the fuckin' get back  
Niggas touched mine, you know I'ma get back  
Stretch that, it's the fuckin' get back, get back  
Nigga it's time to get back[Bridge: A Boogie Wit Da Hoodie]]

I need good vibes and no problems  
Good trees where ever we go the hoes follow  
Chinese with [?]

Pillow talkin' and switchin' up that's a hoes problem  
You know that, I'm talkin' bout that you know what  
You know what, we doin' nigga you know what  
You know what, we doin' yeah yeah you know what  
You know that, I'm talkin' bout that you know what

[Verse 1: Juelz Santana]

Real niggas on the rise  
Fake niggas we despise  
Real niggas on the rise  
Fake niggas we despise  
Lil boy fresh all grown up  
Still got a trunk full of that you know what  
Still hit a nigga up with that you know what  
She slapped your hoe and gave her that you know what  
Can't let the fast money slow up  
Show off for show out, everytime I show up  
Yeah, on the piece like a steady cam  
Young nigga ballin' hard, jelly fan  
Whippin' so much wish I had a extra hand  
Bad as MJ, so fly I might never land  
Young niggas winnin' that's they only fear  
They gave Bobby and them boys like a hundred years  
These days we just free slaves  
Programmed to think that things change  
Prayin' for my niggas that got court today  
I got it on me, pray I don't get caught today  
[Chorus: A Boogie Wit Da Hoodie]]

Saw my life slippin' by some minor setbacks  
Now it's time to get it, focus on the get back  
Everything I lost yeah it's time to get back  
Niggas wasn't with me, won't be with me when I get back  
Get back, get back it's the fuckin' get back

You know what, we doin' nigga you know what  
You know what, we doin' yeah yeah you know what  
You know that, I'm talkin' bout that you know what[Verse 2: Juelz Santana]  
They gotta steal it like the Knicks, can't win for shit  
Man, this for every God named [?]  
Be smarter when you always grab the heat, boy  
Don't let a fuck nigga trick you off the street, boy  
[?] trips up the road gotta get it sold  
Spend more than you niggas sold on tour  
Lord knows I had to rose a 20 years old  
Ridin' for my niggas 'til the end of the road  
Remember nights, hot as fuck no AC  
Small crib we was bunched, no Brady  
Before you heard of Perry boy I had cake  
Sheesh, gotta keep the piece in arms reach  
I watch love change in a heartbeat  
Seen a black rose break through the concrete  
Blunt full of brocolli, niggas wasn't for me  
Like my name on a jersey I had to put them behind me[Chorus: A Boogie Wit Da Hoodie]]  
Saw my life slippin' by some minor setbacks  
Now it's time to get it, focus on the get back  
Everything I lost yeah it's time to get back
