

Bounce Me Brother With a Solid Four

The Andrews Sisters

Say, what kind

Of beat is that?

Man, it really spins my hat, doesn't
Sound like boogie woogie, but it's
Really got the beat. Sounds to me
Like it's in four, let me hear
It just once more whilst I
Latch on to that rhythm, 'cause a
Solid four's my beat.

Some folks like to hear eight beat rhythm,
I don't go for that stuff no more,
Anytime you really want to send me,
Bounce me brother with a solid four.

Come on in, while the whole place is jumpin',
Every body's out on the floor,
If you want to keep the rhythm pumpin',
Bounce me brother with a solid four.

The boogie woogie was never like this,
We've got a new beat that no one can miss, if
Boogie woogie sent like I think it did,
Four to the bar will flip your lid.

Move the tables and roll the rug up,
Shut the windows and lock the door,
While I try to dig the "Li'l Brown Jug" up,
Bounce me brother with a solid four.
