## **Nocturne**

## Sophie B. Hawkins

Nightmare bring me to the dawn I must ride your body on Deep inside me I know You cant hide me from harmIm the secret that you bear Born of anger and despair Who will strangle me? Who will untangle my hair? Come to me, I can see Through the holes in your eyes When I scream out in terror Youre the one by my sideRun to me strong and pure As the monsters child Weve been captured for a lifetime But were free when were wildSleep, my little darling Dont you cry for Mama, shes all gone Nightmare came and took her in his arms Find your dark horse And ride your course through the stormLay me down you can see Through the rain in my eyes That Ive no more to lose And Ive nothing to hidePlaying in midnight fields Of dreams exiled We are strangers in the city But were free when were wild
