

# Upside Down

## I See Stars

(Hey!) I wish I was anywhere but here  
(Hey!) I don't know what you're talking talking talking 'bout  
You've got me upside down turned inside out  
I don't know what you're talking about  
You've got me upside down turned inside out girl Girl you know that your hard to please  
When I'm on my knees sitting here just begging  
You know I got to go I got this to do  
Don't you understand that it's not the plan to tear your heart in two  
This can't hold me down or I'll be on my own again  
(Hey!) I wish I was anywhere but here  
(Hey!) I don't know what you're talking talking talking 'bout  
You've got me upside down turned inside out  
I don't know what you're talking about  
You've got me upside down turned inside out girl\*It's just my luck  
You said yourself we live and we learn  
It's like a scare crow to the flame  
You watch me burn  
You said yourself we live and we learn\*Girl you know that your hard to please  
When I'm on my knees sitting here just begging  
You know I got to go I got this to do  
Don't you understand that it's not the plan to tear your heart in two(Hey!) I wish I was anywhere but here  
(Hey!) I don't know what you're talking talking talking about[x2]You've got me upside down turned inside out  
I don't know what you're talking about  
You've got me upside down turned inside out girl\*It's just my luck  
You said yourself we live and we learn  
Well I guess you  
You watch me burn  
You said we live and we learn\*
