You complain of breathing
You can't wait to die
You just wait, just wait
Just wait to suffocateYou complain of breathing
You can't wait to die
You just wait, just wait
Just wait to suffocateYou complain of breathing
You can't wait to die
You just wait, just wait
Just wait to suffocateYou complain of breathing
You can't wait to die
You just wait, just wait
Just wait to suffocateYou don't, you don't
Have to wait, have to wait
You don't, you don't
Have to wait, have to waitYou don't, you don't
