Mr White

Burning Heads

hey mr white, your master race stinks
hey mr right, mr "think he got the answer"
in anyplaces, in anycases and situations
why don't you shut up for a second
for a minute, for a yearone day i'll burn your house down
your contradictions
i'm gonna burn your house downmaybe i could help with your situation
but i won't take part in your ambitions
mr white trash, can you hear this?you're sinking and you'll see that
that's the way it goes
and now i'll break your nose
