Swine

Forbidden

I am hand of the elite, you know who
I am winds of tyranny, too close to see
Power of the mob won't set you freeThin the heard to save humanity
Soft kill solution, deadly swine
Righteous pig divineI am the savior
Calculated killer, I am swineThey lie, truth resides beneath the surface
They hide, winds that carry me, too close to see
Born within a trough, the filth you breatheThin the heard to save humanity
Soft kill solution, deadly swine
Righteous pigs designI am the soldier relentless and indifferent in the mind
I am the savior calculated killer I am swineDispose of the useless eaters
Malevolent line up to die
Mountain of disbelievers
Infected, now dieSouls tell their stories, witness to the end
Witnessing the end
