I Want You

Michael McDonald

It's the middle of the night
It's been a long hard day
I see you walk my waySay it baby, I want youThe jukebox laughing low
At the sad motel, knows
That I can't break your spellSay it baby, I want youIt's my life and I know
Even though you don't show me
Am I right? Am I wrong
To believe in you? Yeah, yeahSay it baby, I want you
