

# Ain't That So

## Roxy Music

I've been around so far it seems  
Too bad the blues blew my schemes  
Dynamite, such sweet surprise  
In southern heat or northern skies  
Ain't that so  
Ain't that so  
Ain't that so  
Ain't that so  
Shadows cling where shutters close  
Who can tell heaven knows  
Why some can laugh and some can sing?  
Stand in line or get on down and swing  
Ain't that so  
Ain't that so  
Ain't that so  
Ain't that, ain't that so  
Ain't that so  
Ain't that so  
Ain't that so  
Ain't that, ain't that so  
Ain't that so  
Ain't that so  
Ain't that so  
Ain't that so  
Ain't that, ain't that so  
Cross the street who's ringing bells?  
Peeling walls of cheap hotels  
Neon flare a sudden chill  
And there you lie and time stands still  
Ain't that so  
Ain't that so  
Ain't that so  
Ain't that, ain't that so  
Ain't that so  
Ain't that so  
Ain't that so  
Ain't that so  
Ain't that so  
Ain't that so

Ain't that so  
Ain't that so
