

Come My Way

Disciple

Something makes me wonder if
I will ever feel safe
Running from the darkness in the atmosphere
Hear it calling my name Are you gonna come my way?
Are you gonna come my way? Well I'm dining with the enemy
on the seventeenth day
It's like I'm hiding from the remedy
Can't believe when they say
"are you gonna come my way?" Are you gonna come my way?
Are you gonna come my way?
Are you gonna come my way?
Can you feel my fingertips on the chalkboard of
your soul?
There is no hiding from the whispering that's
like screaming in my ears
There is no shelter from this offer when the
only question I can hear is
"are you gonna come my way?"
"are you gonna come my way?"
Yesterday I might have said yes, but not today Something in the chemicals
makes me dream of a place
Where I'm fighting for a miracle
Being pulled by the waves Are you gonna come my way?
Are you gonna come my way?
Are you gonna come my way?
Are you gonna come my way?
Can you feel my fingertips on the chalkboard of
your soul?
There is no hiding from the whispering that's
like screaming in my ears
There is no shelter from this offer when the
only question I can hear is
"are you gonna come my way?"
"are you gonna come my way?"
Yesterday I might have said yes, but not today Are you gonna come my way?
Are you gonna come my way?
Yesterday I might have said yes, but not today (Genesis 4: 7)
