

# Dead Skin Mask

## Nadja

I've waited for you to come, I've been here all alone  
Now that you've arrived please stay a while  
I promise I wont keep you long, I'll keep you foreverGraze the skin with my finger tips  
The brush of dead cold flesh pacifies the means  
Provoking images delicate features so smooth  
A pleasant fragrance in the light of the moonDance with the dead in my dreams  
Listen to their hallowed screams  
The dead have taken my soul  
Temptations lost all controlSimple smiles elude psychotic eyes  
Lose all mind control rationale declines  
Empty eyes enslave the creations  
Of placid faces and lifeless pageantsIn the depths of a mind insane  
Fantasy and reality are the sameGraze the skin with my finger tips  
The brush of dead warm flesh pacifies the means  
Incised members ornaments on my being  
Adulating the skin before meSimple smiles elude psychotic eyes  
Lose all mind control rationale declines  
Empty eyes enslave the creations  
Of placid faces and lifeless pageantsDance with the dead in my dreams  
Listen to their hollowed screams  
The dead have taken my soul  
Temptations lost all controlDance with the dead in my dreams  
Listen to their hollowed screams  
The dead have taken my soul  
Temptations lost all control
