

Western Girls

[Marty Stuart](#)

Big hair, pink lips, eyes all painted up
Spray net and George Strait riding in her pickup truck
Midnight, highway, headed for the club Siam
Heartbeat hot spot, looking for a cowboy man
I'm a talking about Western girls, got me jumpin' up for joy
Western girls, makes me glad I'm a good ole boy
Western girls, the best I've ever seen
Western girls, every cowboy's dream Jukebox, dance floor, angel in a cowboy hat
Dim lights, slow dance, how come they move like that
Well I've honky tonked all around the world
And every place I go
I've seen them cowboy girls doing the do-si-do
I'm a talking about Western girls, got me jumpin' up for joy
Western girls, makes me glad I'm a good ole boy
Western girls, the best I've ever seen
Western girls, every cowboy's dream
