Golden Boy

Rome

Today I cursed the last one of you
Cause I reek of pride right now
Oh, I ain't your golden boy no more
I ain't your stupid toy no more
So taint, so uninhabitable
So predictable
I ain't your golden boy no more

Cold, I'm cold, I'm stupid and cold, but I ain't your golden boy no more

Now take this life away from me
Take this lie away from me
Cause I hate you for what I've done
I hate you for what I've become

For you to like me, for you to feed me, for you to make me.. bleed

I ain't your golden boy no more
Oh, I ain't your stupid toy no more
So tame, so uninhabitable
So predictable
I ain't your golden boy no more

I ain't
Oh, I ain't

I cannot wait for you
I cannot wait for you
I cannot wait for you
I cannot wait for you
I cannot wait for you
I cannot wait for you
I cannot wait for you
I cannot wait for you
