Paradise

Nelly

She said her name was
(Paradise)
That's what she said to me
She said
(Paradise)That's what she said it would be
'Cuz she, the finest women that I've ever did see
And not to mention how she looked in them jeansShe said her name was
(Paradise)
Thats what she said to me
She said
(Paradise)That's what she said it would be
'Cuz she was, the definition of a ghetto queen
And you should see that apple bottom in jeansI met her on a Sunday, one day
She walkin' down the runway
5'5"
So fine what the fuck I'm gon say?And I just sit impatiently just waiting my turn
Waiting for my perfect chance so I can spit out my words
I think she openly spoke, damn I hope she notices me
Hopefully she go for me, so she on the boat with meAnd I'ma take her places she can never imagine
Like water ski'in in Costa Rica
With snow mobiling in Aspen
She prefer the cold winter snow
And do shit like the TropicalAm I dreamin', let me know
Tell me is it possible
That I could be the one she in search for a man
And she could be that one that end my search for romanceNo time to slack now, act now
I'ma 'bout to crack now, I put my rap down, mack down
Ain't no turning back now
I got the this feeling that she feelin' the same
About to end this feeling games and just ask her her nameSo the next day Monday
I'm riding down the freeway
Hit her on the 2 way
I'm like what you doing TuesdayShe said that she was free anytime after 3
And every second after that will be reserved for me
I said that's good to know say no mo'
I'll be there around 4, around 4 that fo' doPhantom at your front door
You can take it for a ride
Keep it in papas sake
Debate it at fate and the reservation's at 8And after dinner, champagne, walks along the beaches

With the moonlight shines on ya features
And I can't create the words to explain myself
My temptation to feel ya body
Temptation to kiss them curvesOne kiss, two kiss, she all on my neck now
Three kiss, four kiss, I'm all on her neck now that
Temperature's rising, hips and thighs coming
Hypnotizing man I don't wanna stop
It feels likeThey don't understand me because
I really don't understand myself
I can't live with out
(My girl)Paradise is mine, Mayne
Anywhere and time, Mayne
She gon' hold it down 'cuz she
(My girl)She love me, she love me not
She love me to be on top
She love daddy to spank her 'cuz she
(My girl)And if you got no doubts
Just ask when you see me out
I'll tell you who I'm talkin' 'bout
My girl
