Jubilee

Toothgrinder

When I turned around
She can draw with the all cane, all quietly
My mountain's weary, depth in space
My western wall and my lovers bliss
But I keep my madness to myselfJubilee, don't you worry about these war stories
And for that I'm sorry
I am sorry, I amI'm falling back into my head
Hit the road, say goodbye, never know how
Long I'll try
Falling back into my head
I love you, my sweet friend
Maybe one day, see the end
When I turned around
She can draw with the all cane, I can be insane
Well I keep my sadness to myselfJubilee, don't you worry about these war stories
And for that I'm sorry
I am sorry, I am
I'm falling back into my head
Hit the road, say goodbye, never know how
long I'll try
Falling back into my head
I love you, my sweet friend
Maybe one day, see the endIt's all I want to see the end
It's all I want to see the end
Maybe one day I'll see the end
