Dead Star Light

Manila Under Fire

Wake yourself walk past the lines
The voices will kill you
Let your soul burn the world a new
And reveal the broken

Pre chorus:
The universe will unfold itself for me
And as we go along we all die to

Chorus:
Come alive
With the promise of dead starlight
We sing in fragile harmony
Canâ€™t you see?
Canâ€™t you see?

Ignorance they walk in the dark
Desperation bends the way
Raise your voice over he mass
And drown beneath the velvet tide

Prechorus
Chorus

Bridge:
The way we walk in silence
Our foosteps echo in the dark
I bow my head in penance
You hide your faces in the dark
The way we sing in chorus
Melodies like voices of the dead
The blindness that you left us
Weâ€™ll use our eyes to see again

Hold on
Hold on
Hold on
Hold on
