

Someone in the Dark

Michael Jackson

All alone
Wishing on stars
Waiting for you to find me One sweet night
I knew I would see
A stranger who'd be my friend When someone in the dark reaches out to you
And touches off a spark that comes shining through
It tells you never be afraid
When somewhere in your heart you can feel the glow
A light to keep you warm when the night winds blow
Like it was written in the stars, I knew
My friend, my someone in the dark, was you "Thank you." Promise me
We'll always be
Walking the world together Hand in hand
Where dreams never end
My star secret friend and me When someone in the dark reaches out to you
And touches off a spark that comes shining through
It tells you never be afraid
When somewhere in your heart you can feel the glow
A light to keep you warm when the night winds blow
Look for the rainbow in the sky Oh, I believe you and I
Could never really say goodbye Wherever you may be, I'll look up and see
Someone in the dark for me Wherever you may be, I'll look up and see
Someone in the dark for me
